TOILET SEAT CLEANER

Enviro-LCS™ toilet seat cleaner ensures a clean toilet seat for each user. The specially developed cleaning fluid is sprayed onto toilet paper, which is used to wipe the seat. The cleaning fluid evaporates leaving a sanitised seat.

In public washrooms, the use of toilet seat cleaner eliminates the problem of surface cross infection and gives your staff and customers the confidence to know you care.

The unit is self-contained with illustrated instructions on use. It is made of high impact ABS plastic and each refill holds approximately 300 individual cleans.

OPTIONS: Fully serviced, hire and you service, or purchase.

SERVICE FREQUENCIES AVAILABLE:

Weekly, fortnightly, three weekly, monthly, six weekly. All services include Touchprobe™ attendance verification and computer scheduling (see Touchprobe™ brochure).

CONSUMABLES AVAILABLE: Refill (300ml).

OTHER RECOMMENDED PRODUCTS AND SERVICES: WC Sanitisers.

FURTHER INFORMATION: For further information regarding any of our washroom products, contact Enviro-LCS™ on (02) 9310 1400, or visit our website at www.enviro-lcs.com.au.
