URINAL AND WC DEEPCLEAN

Enviro-LCS™ urinal and WC Deepclean service eliminates the buildup of bacteria and uric acid from the pipes of the urinal and the bowl of the WC. We recommend this service before commencing any sanitiser programme and then a periodic service in heavy usage situations. At each service our trained service technician will use our 'green Deepclean machine' which utilizes high pressure water, minimising the use of chemicals. Incorporated with our service option we can raise and maintain the standard of hygiene and keep your washroom 'Deepclean' for every user.

OPTIONS: Fully serviced.

SERVICE FREQUENCIES AVAILABLE:

Six weekly, quarterly, six monthly, yearly. All services include Touchprobe™ attendance verification and computer scheduling (see Touchprobe™ brochure).

OTHER RECOMMENDED PRODUCTS AND SERVICES:

Urinal and WC sanitisers and airfresh units.

FURTHER INFORMATION: For further information regarding any of our washroom products, contact Enviro-LCS™ on (02) 9310 1400, or visit our website at www.enviro-lcs.com.au.
